# SMALL FRUITS FOR YOUR HOME GARDEN

Every one who has ever picked fresh fruits and vegetables from their own garden knows that "There's a Whale of a difference" in the luscious flavor of fresh picked home grown things as compared with those that have lost a lot of their flavor through the time required in marketing and selling those we buy in the store. If you have never tried growing things for the table, then you have something delightful to look forward to.

**GRAPES** are best grown on some sort of a trellis or fence. If planted on a fence or against a building they really occupy no space, being like an espalier tree in that respect. They can also be grown on arbors or trellises to produce a delightful outdoor shady nook, with bunches of delicious grapes growing all around and hanging in masses overhead. To pick and eat ripe grapes right off your own vines is to add new zest to a suburban home. The following three varieties are best:

**Concord**—Considered one of the best Black grapes.

**Catawba**—Large, sweet, aromatic red grapes.

**Niagara**—Most delicious white grape.

2 year old strong plants, 3 for \$1.00; 6 for \$1.75; 12 for \$3.00. Parcel Post or Express Prepaid on order of \$2.00 or over.

**RHUBARB (Pie Plant)**—Once planted a few plants will produce an abundance of delicious tender rhubarb year after year with no care. Cut the stalks as wanted.

35c each; 3 for 75c; 6 for \$1.25; 12 for \$2.00; Parcel Post or Express Prepaid on order of \$2.00 or over.

**BERRIES**—A dish of freshly picked berries and cream for breakfast will quickly convince you that the only way to really enjoy the full flavor of berries is when freshly picked right from your own garden. The following is a very choice selection:

**Latham Red Raspberry**—The fruit is twice as large as ordinary red raspberries and of the finest quality and flavor.

**St. Regis Everbearing Red Raspberry**—Large berries of delicious flavor are produced on this variety all summer long.

**Cumberland Black Raspberry**—The largest and finest of the Black Raspberries, producing prodigious crops. Fine for eating, or for pies, jams or jellies.

**Eldorado Blackberry**—The largest and finest Blackberry, sweet, tender and exceedingly pleasing to the taste. They melt in your mouth. Of course they are also fine for jams or jellies.

Price on above 3 Berries: \$2.00 Dozen. Express Prepaid.

**Mastodon Everbearing Strawberries**—Produces large quantities of very large attractive berries of delicious flavor during summer and fall. 12 for \$1.00; 25 for \$1.50; 100 for \$4.00. Prepaid on orders of \$2.00 or over.

**Martha Washington Asparagus**—Asparagus bought in the store will taste like straw after you have "cut your own", for there is nothing more delicious than freshly cut asparagus and nothing that deteriorates so rapidly in flavor once it is cut. When once planted the luscious stalks will be produced year after year. Martha Washington is the best

Strong 2 year old plants 12 for \$1.50; 100 for \$6.00. Express Prepaid.

## "NISHIKI-YAMA" COLLECTION OF JAPANESE IRIS

Spring is the very best time to plant Japanese Iris for best results. The Japanese Iris Nishiki-Yama, illustrated in color in my last years Iris catalogue, is, I believe, the finest Japanese Iris in the world regardless of price, but I have finally accumulated a sufficient stock of it so that I can make the following proposition.

I guarantee that each "Nishiki-Yama" Collection will contain several plants of Nishiki-Yama Iris, as well as other exceptionally fine varieties. It will be one of the finest mixed collections of Japanese Iris I have ever offered. Of course I cannot label them at this special bargain price.

12 for \$2.00	20 for \$3.00
35 for 5.00	100 for 12.00
250 for 27.50	500 for 50.00

1,000 for \$90.00

## 25 WORLD'S FINEST SIBERIAN IRIS FOR \$3.00

This is a very unusual collection, the finest I have ever offered of mixed Siberian Iris. I was unable to offer a mixed collection last year, reserving the stock for this special sale. This collection will include varieties that recently sold at \$5.00 and \$10.00 a plant. The Siberian Iris are prodigious bloomers and the easiest of all flowers to grow in any soil, climate or location. While this is a mixed unlabeled collection, they are not grown mixed, the varieties for each order being personally selected by me to make a full color assortment. The Siberian Iris differ from all other Iris and make excellent cut flowers.

12 for \$2.00	25 for \$3.00
50 for \$5.00

## 8 LOVELY DAYLILIES FOR \$2.25 POSTPAID

This is the first time I have ever offered these fine Daylilies for this low price. Several new hybrids will be included, which recently sold as high as \$5.00 for a single plant. There will be eight different varieties in each collection, unlabeled, and a fine color range will be included, flowering from May to September. Once planted each plant will produce great armfuls of flowers for years to come. They are hardy in the most severe climate as well as in the extreme south, and require no care when once planted. Unlike other Lilies they do not die out, but increase in size and beauty from year to year.

8 for \$2.25	20 for \$4.00

**RED FLOWERING BUCKEYE**—I tried for years to get a supply of this very rare tree and have only a limited stock of it now. It belongs to the Horsechestnut family and is entirely hardy. Those who know

the white flowering Buckeye will surely want this rare Red Flowering form, with its huge pyramidal clusters of scarlet flowers. The foliage is also ornamental and it produces a marvelous shade tree, attractive at all times. Robust young trees, 3 ft. and over,

\$1.50 each; 3 for \$3.75; 6 for \$6.00.

**PINK FLOWERING DOGWOOD**—There is nothing more beautiful in the early spring landscape than these Pink Flowering Dogwoods. They blossom in early spring, thriving in any soil, in shade as well as in the open. The trees are ornamental even when not in bloom, and increase in size and beauty from year to year. Hardy anywhere. I have some extra fine sturdy 2 to 3 foot trees at

\$2.00 each; 3 for \$5.00. Express Prepaid.

**DOUBLE WHITE FLOWERING DOGWOOD**—A rare and beautiful form of the white flowering dogwood, with large rosette-like snow white flowers. Good for sun or shade. Hardy anywhere. Extra sturdy 2 to 3 foot trees

\$2.00 each; 3 for \$5.00. Express Prepaid.

**CANOE BIRCH**—Winter or summer the unusual white bark of the Canoe Birch is a delight in any garden or landscape. For best effect they should be planted in groups of several trees a few feet apart. I have just a few small trees on which I can make an attractive price of

75c each; 3 for \$2.00; 6 for \$3.50. Prepaid on orders of \$2.00 or over.

**WISTERIAS**—Many people have had the great disappointment of buying cheap Wisterias and then having no flowers on them after growing them for years. You will not have this trouble with the plants I am offering, as they are all grafted plants from flowering wood of extra fine plants and every plant will furnish a great profusion of bloom. The plants are extra strong robust plants, much finer than anything you will expect to receive. You will be agreeably surprised when you see them, and still more pleased when you see them in bloom.

White or Purple—your choice—

\$1.50 each; 3 for \$3.75; 6 for \$6.00. Express Prepaid.

# 1¢ IRIS SALE

## Mammoth Yakima Valley Grown Iris

### For Spring Planting and This Season's Flowering

#### ALL SEASON COLLECTION FOR FLOWERS SPRING AND FALL

#### This Offer Positively Expires May 1st

This is the first time I have ever offered Bearded Iris for spring shipment. Iris Specialists do not sell Iris for spring planting because the grower who keeps his Iris until July or August gets the full benefit of the increase and has three or four times as many to sell. So this is your benefit as well as the great reduction in price made available by this 1c sale. I have an extra fine stock of some of the choicest varieties, as listed below. The plants were undisturbed all last season, therefore they have made the greatest possible growth and will be as fine as any plants I have ever shipped. I grow on my Iris Ranch in the fertile Yakima Valley, State of Washington, what I firmly believe to be the finest and largest rhizomes in the world. The fertile soil and severe winters give them the vigor to withstand the coldest and most unfavorable climatic conditions to which they may be subjected. North, South, East or West you will get better results from Wayman's Yakima Valley Grown Iris, stronger plants, faster increase and more abundant flowers the first year. But you must order at once, as the spot where they are now growing must be prepared for replanting this season, therefore this offer must expire May 1st.

This group contains several of the Hardy and very handsome Pogocyclus Hybrids, as different from other Iris as though they came from another planet. It also contains some of the new Autumn Flowering Varieties, which flower freely twice a year, early spring and again in the fall.

In the Tall Bearded Iris group early and late flowering varieties are included, so that taking it all together, this is a grand opportunity to obtain a long flowering group of choice Iris at an unusually attractive figure.

I PREPAY POSTAGE OR EXPRESSAGE ON ALL ORDERS  
NO ORDER ACCEPTED FOR LESS THAN \$2.00

Here is how the 1c sale works. For each Iris selected at the regular price from group 2, you may select an additional Iris from Group 1 at 1c. Thus if you select 20 Iris from Group 2 at the regular price you may also select 20 Iris from Group 1 at 1c each. If you select 50 Iris from Group 2 at the regular price, you may also select 50 Iris from Group 1 at 1c each. You may of course take two or more of a kind if you wish, to make up the amount, but only an equal number of plants may be selected from each group. This is necessary because on the Iris I am selling you at 1c each I will be paying from 3c to 4c each postage or expressage.

I believe I have enough stock of the varieties listed to fill all orders, but I reserve the right to substitute something as good or better if out of a variety ordered, unless you request otherwise.

### GROUP No. 1 --- ONE CENT EACH

I PREPAY POSTAGE OR EXPRESSAGE AT THIS PRICE AND THE POSTAGE OR EXPRESSAGE IS FROM 3c to 4c PER PLANT, DEPENDING UPON THE DISTANCE THEY ARE TO BE SENT, SO I PAY FROM THREE TO FOUR TIMES AS MUCH TO HAVE THESE PLANTS DELIVERED TO YOU AS YOU PAY ME FOR THE PLANTS. This price therefore applies only with an equal number of plants bought from Group 2 at regular prices as indicated. For instance, if you select 20 Iris from Group 2 at the regular price, you may also select 20 plants from this group, to be sent at the same time at 1c each. If you select 50 Iris from Group 2 you may also select 50 Iris from this group at 1c each. You may select as many of a kind as you wish to make up the quantity. If you wish to leave the selection to me, just send me your check or money order for the amount you wish to spend and I will give the matter my personal attention and make a nice selection for you on this same basis, giving you a nice color selection and long flowering season. The plants will all be superb.

ALLURE—40 in. English Iris Society Silver Medal Winner. An exquisite soft pink and soft yellow pastel blend.  
ASIA—54 in. Given an Award of Merit by the Iris Society of England. Huge flowers shoulder high, in a grey, mauve and soft yellow blend. Exquisite cinnamon fragrance.  
CASTOR—36 in. English Iris Society Silver Medal Winner. White ground completely covered with a stippling of deep violet pin dots. Unusual and beautiful.  
DORAK—30 in. A hardy ruffled Pogocyclus Hybrid. A great "Show" Iris of unusual beauty, gigantic size, distinctive color and marking. General effect rich violet.  
DOXA—18 in. An olive-green lavender-yellow blend. A large flower of most unusual colors not found in any other Iris.  
ELEANOR ROOSEVELT—26 in. Profuse bloomer twice a year, early spring and fall and one of the best of the Fall Bloomers. Rich violet, silky texture.  
GLEAM—42 in. An unsurpassed sky-blue, the color being uniform throughout. A glorified form of Pallida Delmatica.

IB-PALL—30 in. One of the finest of the Hardy Pogocyclus Hybrids. Large flowers with ruffled lilac standards, dark violet falls, and bronzy beard.  
LARGO—40 in. A lovely soft pastel blend of pink, soft yellow and cream. A sort of a "peaches and cream" blend.  
LEONATO—48 in. An early fragrant soft blue that originally sold at \$25.00 for a single plant. One of the largest and finest soft blues.  
MARY GIBSON—42 in. Illustrated in color in my Iris catalogue, page 21. A handsome rosy-bronze blend that sold for \$40.00 a plant when first introduced.  
MARY SENNI—42 in. EARLY FLOWERING and VERY FRAGRANT. Huge flowers of soft lilac and deep violet.  
MOGADOR—15 in. A very sweet low growing variety for planting in front of the taller ones, or for the small bed or front of the border. Milk white standards and soft yellow falls of an ivory texture.  
NINGALI—46 in. One of my special favorites. Subtle soft pastel tints in rosy buff and Hays lilac and a bright yellow halo at the throat.  
NONO—16 in. A French whitish amber introduction that has a smooth

porcelain-like texture.  
PINK LOTUS—36 in. A very lovely new soft uniform clear rose pink tone. A most attractive Iris and a prodigious bloomer.  
ROMANCE—36 in. Winner of English Iris Society Silver Medal. A fragrant satiny, lustrous rosy-bronze.  
SHIRAZ—36 in. One of the most attractive of the Pogocyclus Hybrids in violet tones. Very similar to the famous Wm. Mohr, which is illustrated on page 28 of my Iris catalogue.  
SOLFERINO—36 in. An early bright pink towering almost five feet high and one of the best of the bright pink tones.  
THAIS—42 in. Huge flowers of soft pink, with a very sweet fragrance. Early flowering and a prodigious bloomer.  
This gives you 20 varieties to select from at 1c each, parcels post or express prepaid, but only where the same number of plants are bought from Group 2 at regular prices.

BETTER SEND IN YOUR ORDER AT ONCE WHILE THE ASSORTMENT IS COMPLETE.

### GROUP No. 2

ANDANTE—36 in. One of the best red-purple tones, with a richness of color that is unsurpassed, and texture like fine plush.  
ANNDELLA—32 in. Ruffled white beautifully peppered and "feather-stitched" around the border with violet. One of the most handsome of this type.  
AQUARELLE—32 in. An exquisite soft silvery aegerium blue, of uniform color throughout.  
AUTUMN DAWN—28 in. Exquisitely fragrant. An everbloomer in moderate climates. Flowers twice a year in the north, early spring and fall. A delightfully ruffled soft pink and soft yellow pastel blend.  
BALLERINE—48 in. Very fragrant. Huge flowers of a delightful shade of soft blue.  
CAMELLIAR—48 in. Very large flowers of soft yellow overlaid rich wine. An artistic beauty that sold a few years ago for \$15.00 for a single plant.  
CAMILLA DUNBAR—32 in. A very lovely true pink. The originator of the Bearded Iris and that it does well in water. It has the appearance of a Bearded Iris.  
CANDLELIGHT—42 in. Fragrant. A lovely blend of soft pastel tints, with a glow of yellow at the heart of the flower, giving the effect of light coming from within, hence the name.  
CASSANDRE—48 in. A French Introduction which was Given an Award of Merit by the French National Horticultural Society. Rich deep blend, gigantic flowers, petals like fine velvet.  
COSETTE—26 in. Very Early. Honorable Mention American Iris Society. A 1936 introduction and the best of the Very Early Whites. A fine large stock permits a very low price.  
CRYSORO—26 in. Very Early. Given Honorable Mention by the American Iris Society. A Real Orange Yellow and a great favorite.  
DR. CHAS. H. MAYO—40 in. A delightful pink tone which was the Masterpiece of the originator. It is a flower of perfect form and has a delightful fragrance.  
EREBIAN—40 in. Honorable Mention American Iris Society. A rich glowing velvety Bordeaux Red. An Iris of brilliant colors, perfect form and exquisite finish and refinement.  
EVOLUTION—An unsurpassed grey and lavender blend, somewhat resembling Pres. Pilkington illustrated on page 17 of my catalogue, but more colorful. Originally sold at \$25.00 a plant.  
FRIVOLITE—36 in. A brilliant Shrimp Pink, flushed yellow at the base and dusted with gold dust. A most unusual and attractive Iris and by far the best of its color.  
FROZEN FOG—30 in. The name is most appropriate, as it is an exquisitely dainty frosty white Iris of long graceful form.  
GOLDLOCKS—26 in. Early and Very Fragrant. A lustrous silky "Green Gold," of smoothest possible finish and perfect form with a very long flowering season.  
GRACE WAYMAN—34 in. One of the richest colored Iris in the Pansy-violet bi-color class. Other Iris seem dull by comparison.  
HOARFROST—36 in. An English introduction, with masses of frosty white flowers on well-branched stems.  
JANE KREY—24 in. A marvelously rich new red-purple that flowers twice a year, early spring and fall.  
JULIA MARLOWE—42 in. A crimson toned bi-color of gigantic size, perfect form and majestic bearing.

KING MIDAS—28 in. A handsome and very unusual early flowering golden-buff and garnet brown blend.  
KING TUT—24 in. One of the most brilliant of the red-toned Irises and parent of most of the new fine red tones.  
KLAMATH—40 in. Huge velvety violet and mulberry toned flowers, with exquisite lilac fragrance. Originally sold for \$50.00 a plant.  
KOCHINETTE—27 in. Very Early. A rare form of the Italian wild purple Iris Kochi, having full flaring falls.  
KUBLIAH KHAN—40 in. A outstanding rich rosy-red bi-color of superb form, carrying 5 to 6 flowers to each stalk.  
L'AIGLON—38 in. Rich coppery-red flowers of huge size, fine form and exceptionally free flowering. One of the best.  
LODESTAR—36 in. One of our most brilliant Irises, with clear deep yellow standards and velvety claret brown falls, bordered yellow.  
LUX—40 in. A French introduction that was Awarded a Certificate of Merit by the French National Horticultural Society. An unusually beautiful raspberry-red and old gold combination.  
MADELINE BRUN—36 in. A lovely gigantic cool white of the greatest purity, heavy wax-like substance and satiny smoothness.  
MAGALI—30 in. Awarded a Certificate of Merit by the French National Horticultural Society. A new French introduction in rosy apricot, with a madder-rose flush and a narrow margin of old gold. A real gem.  
MAGNIFICA—42 in. A fragrant crimson toned bi-color, of gigantic size, majestic bearing, heavy substance and perfect form.  
MAISIE LOWE—36 in. Awarded a Silver Medal by the Iris Society of England. Soft blue standards and rich velvety pansy-violet falls, bordered soft blue.  
MAJESTIC—36 in. One of the largest and richest of the red-purple bi-colors, with velvety petals. Originally sold for \$20.00 a plant.  
MAUREEN—30 in. Very large and perfectly formed flowers with rosy mauve standards and the richest velvety purple falls.  
MICHAEL—20 in. Similar to Sir Michael, which I consider one of the world's finest Irises, but flowers about two weeks earlier.  
MODOC—36 in. Early flowering rich velvety black-purple, almost black in effect, with a satiny sheen that makes it one of our richest dark Irises.  
MONTEREY—40 in. A deep rich red toned variety that produces so many flowers that the plant is literally covered with flowers almost hiding the foliage.  
MRS. MARION CRAN—48 in. An outstanding large fine pink toned Iris of perfect form and fine poise. I paid \$50.00 a plant for my original stock of this variety.  
MY MARYLAND—48 in. Fragrant. Honorable Mention American Iris Society. A truly magnificent flower in petunia violet and deep velvety amaranth purple, overlaid rich garnet brown.  
NANOOK—44 in. An exquisite cream colored Iris, with amber edges to enhance the beauty of the flowers.  
NAZARIN—28 in. Next to the Highest Rated Pogocyclus Hybrid, with purple-violet standards and darker falls. A beauty.  
NYMPH—24 in. A very early and amazingly free flowering uniform deep yellow.  
ORIENT PEARL—42 in. Enchanting iridescent soft pastel tones of pearl grey and canary yellow. Silky texture.  
PARVAR—29 in. An unusual Pogocyclus Hybrid. Black-violet standards and soot black falls with a rich velvety sheen.  
PRES. PILKINGTON—Given an Award of Merit also Special Prize for

the Three Best Iris of the Year. Sold recently at \$25.00 a plant.  
PYGMALION—32 in. A handsome new English rich blue bi-color, scarcely known in this country.  
QUEEN ANNE—36 in. A delightful Iris of antique effect, in cream with a bronze overcast, veined pansy-violet. Standards beautifully creped. No other Iris like it.  
RAE—36 in. A fine deep luminous yellow with flaring falls. Given Honorable Mention by the American Iris Society.  
REFULGENCE—48 in. An exceedingly rich violet blue and velvety violet-purple bi-color, with a magnificently veined throat.  
RHADI—36 in. Awarded a Silver Medal by the Iris Society of England. Large, exceedingly attractive flowers of iridescent mother-of-pearl.  
ROMOLA—38 in. An exceedingly rich blending of innumerable deep colors that reminds one of the colors of a Persian rug.  
RONDA—42 in. I consider this one of our very finest deep red toned Irises. It is perfect in every way.  
ROSE DOMINION—Given Honorable Mention by the American Iris Society. A beautiful new brilliant American Beauty Rose Color. Sold recently for \$15. for a single plant.  
ROSE MARIE—38 in. A delightful French introduction, with soft reddish-violet standards and flaring, gracefully frilled brilliant red-purple falls.  
ROSE PETE—48 in. Sweetly scented clear uniform deep rose-petal pink. Sold in 1932 for \$20.00 a plant.  
SANDAKAN—36 in. A very lovely bi-color with tan standards and rich purple falls.  
SEA DAWN—38 in. Beautifully ruffled flowers in soft tan with a flush of soft pink. Almost the color of Jean Cayeux, illustrated on the front cover of my 1939 Iris catalogue.  
SENAC—A delightfully fragrant gorgeous Iris in a unique shade of mulberry and one of our most brilliant flowers. Sold in 1932 for \$25.00 a plant.  
SEPTEMBER SKIES—24 in. Flowers twice a year. Early spring and again in the fall. Rich brilliant violet purple of satiny texture.  
SERENADE—30 in. Purest pink toned Iris to date and a real gem. Marvelous for mass effect in the garden or landscape.  
SHOGUN—36 in. A magnificent flower of large size in rich coppery red tones.  
SHOT SILK—30 in. Delightful silky, beautifully ruffled flowers in a soft pastel blending of pink and gold.  
SIMONNE VAISSAIRE—36 in. One of the loveliest blue bi-colors, with azure blue standards and bright aniline-blue falls.  
STARLIGHT—24 in. Very Early. A distinct shade of greenish sulphur-yellow, the color being uniform throughout.  
SUMAC—39 in. An exceedingly handsome and delightfully fragrant rich red-purple of the famous Dominion parentage. Makes a fine garden mass.  
SUSA—24 in. A very early rich velvety red-purple, of uniform color throughout. Fine for planting in front of the taller ones.  
SUZANNE WOOLFRY—32 in. An early flowering intense deep velvety pansy-violet, with a pronounced sweet violet fragrance.  
THURATUS—34 in. A new black Iris, in reality an exceedingly rich blackish-prune-purple, with a superb satiny lustre. Sold for \$25.00 a plant in 1932.  
TOKAY—36 in. A beautiful blend of soft pink tones, with soft yellow at the throat. Highly recommended.

### "MINIATURE GEM" BARGAIN

30 MINIATURES, CATALOGUE VALUE \$5.00. IN ALL OF THE 15 VARIETIES LISTED BELOW, MY SELECTION, LABELED, FOR \$3.00, POSTPAID, INCLUDING 4 SOUND MONEY, BEST YELLOW MINIATURE, WHICH FLOWERS TWICE A YEAR, SPRING AND FALL, 4 FAUNTLEROY, A NEW COLOR BREAK IN MINIATURES, 2 MONS. STEICHEN, POGOCYCLUS MINIATURE, WITH PORCELAIN-LIKE PETALS, JEAN SIRET, THE EVER-BLOOMING MINIATURE, AND ALL OF THE OTHERS AS LISTED.  
Nothing finer for the rock garden, or small beds or for planting as an edging in front of taller growing flowers.  
SOUND MONEY—6 to 10 in. New rich golden yellow, flowering in early spring and again in the fall.  
FAUNTLEROY—6 in. Something entirely new in Miniatures, with greyish-white standards, edged soft yellow. Falls raisin-purple with a yellow border.  
JEAN SIRET—10 to 15 in. The first everblooming Iris. Flowers in the spring and again in the fall, and several times during the summer in favorable seasons. Yellow flushed heliotrope.  
MONS. STEICHEN—12 to 15 in. Given an Award of Merit by the Royal Horticultural Society of France. A Miniature Pogocyclus Hybrid with porcelain-like petals of milk white flushed lavender, with a deep wine red velvety spot on the falls.  
ALBA—6 to 10 in. A very lovely cream colored Iris of exquisite daintiness.  
BRIDE—6 to 10 in. A deservedly popular snow-white miniature, with an exquisite rose fragrance.  
CURIOSITY—6 to 10 in. Well named on account of its curiously beautiful coloring, greenish yellow, overlaid soft violet. No other Iris like it. Exquisitely fragrant.  
CYANEA—6 in. Very fragrant rich crimson-purple, with a beautifully veined white throat. Large flowers.  
GOLDEN—6 in. A fine new large golden yellow, of smooth texture and uniform color throughout.  
FAIRY—6 to 10 in. A very lovely soft sky blue.  
MAROCAIN—12 in. One of the darkest of this group, and one of the showiest, being a rich deep red-purple, hiding the plant with its blanket of color.  
List continued next column

ORANGE QUEEN—6 in. A very fine uniform deep clear yellow of wax-like texture. Has always been a leader in popularity in this color.  
STATELLAE—12 in. This has always been my choice of all the white miniatures, as it has a "style" about it that is hard to describe. The throat has a soft yellow halo and olive veins.  
MEGUS—14 in. Exceedingly deep rich dark violet. Very free flowering and an intensely rich color. One of the best of this group.  
REICHENBACHII—6 in. A dainty yellow flowered species from the Balkans, with attractive flaring falls.

### TESTIMONIALS

I receive hundreds of voluntary testimonials, of which the following brief ones are typical:  
"When I unwrapped the Washington Iris last night they looked like a million dollars. I never saw such fine rhizomes."  
"I received your Iris Collection, and had some beauties, of which I am very proud. They were all you said they would be."  
"I received your 'Rainbow' Collection of Iris last fall and have been thrilled to death over them this spring."  
"I received my box of Iris and was more than pleased both with your choice and the quality and quantity of rhizomes."  
"The Iris you sold me last fall are exquisite. Thanks."  
"I never saw such beauties before, and I am gradually getting rid of all my plants except those I bought from you, so I can have a Wayman Iris Bed, different and more beautiful than those around me."  
NORTH, SOUTH, EAST OR WEST, YOU WILL HAVE BETTER RESULTS WITH WAYMAN IRIS.

### "SUNSHINE" BARGAIN

I WILL FURNISH 1 EACH OF THE 90 VARIETIES IN GROUPS ONE AND TWO FOR JUST \$12.00. EXPRESS PREPAID.

### "RAINBOW" BARGAIN

Labeling takes time and costs money. If you do not care to have the Iris labeled, I will guarantee to send you AT LEAST THREE TIMES THE VALUE OF YOUR REMITTANCE AT CATALOGUE VALUES by including in your order some of the rarer and higher priced varieties of which we do not have sufficient stock to list them in this special sale. Some of these originally cost me from \$5.00 to \$50.00 a plant. The "Sunshine" Bargain will be as follows:

20 for \$2.00 ( \$6.00 value guaranteed)  
30 for \$3.00 ( \$9.00 value guaranteed)  
40 for \$4.00 (\$12.00 value guaranteed)  
100 for \$10.00 (\$30.00 value guaranteed)

I Prepay Postage or Expressage  
No order accepted for less than \$2.00 in this group.  
THESE BARGAIN OFFERS POSITIVELY EXPIRE MAY 1st, 1940.

Just check the items wanted on both sides of this sheet, write or print your name and address clearly, and send it in with check or money order enclosed and your order will be promptly and carefully filled. Each plant will be labeled with the name of the variety, excepting in the Rainbow Collection.

# "5-IN-1" APPLE TREES

## An Amazing New Horticultural Achievement

### 5 DIFFERENT APPLES ON ONE TREE

It sounds fantastic, doesn't it? Nevertheless it's true! I am offering for the first time this season apple trees that will produce **Five Different Kinds of Apples on One Tree**. Imagine having yellow apples and red apples, early apples and late apples, all on one tree, all of the finest varieties, producing enough apples for the entire family for summer and fall. Delicious fresh tree-ripened fruit is most healthful and every one with any kind of a garden can find enough room for one or more of these trees. This is one of the greatest novelties ever offered to the horticultural world and one of these trees in your garden is sure to prove a sensation in your community. Each tree will produce the following five varieties of apples:

**Double Red Delicious**—The finest red eating apple grown, an improvement on the world famous "Delicious" apple. An extra fancy, sweet, juicy apple of delicious flavor.

**Yellow Delicious**—A yellow form of the above.

**Stayman's Winesap**—For those who like a slightly tart apple there is nothing finer than Stayman's Winesap. It is an excellent cooker and a fine eating apple, delicious, aromatic and full of flavor.

**Yellow Transparent**—The very finest early summer apple of delightful flavor. A marvelous eating apple.

**Red Rome Beauty**—A champion late apple and a great winter keeper.

These "5-IN-1" Apple Trees have utility, novelty and beauty all in one, for there is nothing more beautiful than an apple tree in full bloom in early spring. Be the first in your community to own a "5-IN-1" Apple tree. Your neighbors will be amazed and you will have a lifetime of enjoyment from a small investment, as an apple tree once planted lasts a lifetime. These will not be offered in my spring catalogue, as I have only 200 to offer for spring shipment, so place your order early.

**\$2.50 each; 3 for \$6.50; 6 for \$12.00. Express Prepaid.**

## "3-IN-1" PEACH TREES

### Another Feat of Horticultural Magic

#### 3 DIFFERENT PEACHES ON ONE TREE

I am pleased to be able to offer another unusual novelty this season in the "3-IN-1" Peach Trees, producing three different varieties of luscious peaches all on one tree. The "3-IN-1" Peach Tree with the "5-IN-1" Apple Tree will give you eight different kinds of fruit on two trees, providing an abundance of Peaches and Apples for the entire family. The varieties of Peaches that each tree will bear will be as follows:

**Elberta**—This is without a doubt the greatest Peach ever introduced. It has been the leading commercial variety for several years. It is a freestone and the fruit is large and highly colored, tender, juicy and sweet.

**Golden Jubilee**—Without an equal as an early yellow freestone peach of exceptional quality. Ripens four to five weeks earlier than Elberta on the same tree.

**Hale Haven**—A Midseason yellow fruited freestone of excellent quality.

These "3-IN-1" Peach trees should begin to bear fruit the year after they are planted. The early spring blossoms of the Peach tree are always one of the gardens greatest attractions, so that these "3-IN-1" Peach trees will not only prove to be a sensational novelty in your garden, but they are ornamental and useful as well. They are hardy anywhere.

There are just 200 of these for spring delivery, so place your order early to avoid disappointment. These "3-IN-1" Peach trees will not be offered in my spring catalogue, as the supply is not large enough to permit this.

**\$2.50 each; 3 for \$6.50; 6 for \$12.00. Express Prepaid.**

**THESE "3-IN-1" PEACH TREES AND "5-IN-1" APPLE TREES REQUIRE NO MORE CARE THAN ORDINARY FRUIT TREES.**

## OTHER FRUIT TREES FOR THE HOME GARDEN

If you do not wish to pay the prices that it is necessary to charge for the "5-IN-1" Apple Trees or the "3-IN-1" Peach Trees, or if for any other reason you prefer only one variety of fruit to a tree, I can offer you a special bargain in the following varieties of fruit trees, which I am sure will please you.

**BELLE OF GEORGIA PEACH**—The state of Georgia is famous for its superb peaches, and "Belle of Georgia" is the best all-round white freestone peach grown in Georgia or anywhere else. The peaches are large, of delicious flavor and have an attractive blush, and the trees, like all others offered in this special sale are hardy and productive.

**\$1.00 each; 3 for \$2.50; 6 for \$4.00. Express Prepaid.**

**GAGE ELBERTA PEACH**—A juicy, rich, sweet golden yellow freestone of delicious flavor, the rich golden skin having a dark red blush on the sunny side. The fruit is large and it is one of the best all-round peaches grown.

**\$1.00 each; 3 for \$2.50; 6 for \$4.00. Express Prepaid.**

**ANOKA APPLE**—No other apple can combine the early bearing, wonderful flavor and great productiveness of this new apple, the results of many years hybridizing. It is an excellent early summer eating apple, also equally fine for cooking. It is hardy, disease resistant and being of semi-dwarf habit of growth makes it especially useful for the small garden. The color is most attractive, being red striped, and the tree is loaded down every year with apples of delicious flavor. There is no apple to compare with Anoka.

Enjoy its beautiful blossoms in the spring and its delicious fruit during the summer. Being new the supply is limited. It will not appear in my catalogue this spring, so do not overlook this special offering.

**\$1.50 each; 3 for \$3.75; 6 for \$6.00. Express Prepaid.**

**AMERICAN PERSIMMON**—There is nothing more delicious than a well ripened Persimmon, but very few people are familiar with this delightful fruit and few are aware that it can be grown in our northern states as well as in the south. And if there are any "Possums" in your neighborhood you will always find them around the Persimmon tree, as this is their favorite fruit. I have some nice 2 to 3 foot trees, just the right size for planting, ready for shipment at

**\$1.25 each; 3 for \$3.00; 6 for \$5.00. Express Prepaid.**

**PAW PAW**—As a young boy one of my secret delights was a Paw Paw tree back in the woods that I would visit occasionally and bring home some of the luscious fruit. Very few people know about the Paw Paw, but it is rated as one of the world's choicest fruits. It is shaped like a banana, but larger, heavier and thicker, and they taste something like a well ripened banana. This is the first time that I have ever had the pleasure of offering them for sale. The trees must be transplanted while they are young, but they soon develop into a fine large tree. They are hardy throughout the United States. I have a limited number of 18 to 24 inch trees at

**\$1.25 each; 3 for \$3.00; 6 for \$5.00. Express Prepaid.**

**MULBERRY**—The true mulberry tree grows to a great size, as large as an oak or a maple. It produces great quantities of delicious berries, much like a coreless, seedless blackberry. Aside from producing a delightful shade tree and providing great quantities of berries for the table, they will bring many attractive birds to your garden, as the fruit is a favorite "tidbit" of all sorts of birds. I have a limited supply of 18 to 24 inch trees at

**\$1.25 each; 3 for \$3.00; 6 for \$5.00. Express Prepaid.**

**CELESTIAL FIG**—Most gardeners are not aware that figs are hardy in our northern states. Even if the tips are killed back by severe freezing weather they will send out new growth and produce huge quantities of fruit all summer long. If you have never eaten fresh figs picked off your own trees you have a pleasant surprise coming to you, and as a dessert, sliced and served with cream, there is no more delightful delicacy. The Celestial Fig is the most hardy of all and is of delightful flavor.

**\$1.50 each; 3 for \$3.75; 6 for \$5.00. Express Prepaid.**

**WALNUT**—The Walnut tree is a fine attractive looking shade tree, besides producing nourishing nuts in abundance. There is nothing like a "two-purpose" tree when planting in the home garden, but the walnut tree has a third attraction. The timber of a walnut tree is extremely valuable. If you have some spare land somewhere, and wish to look to the future, just plant a few acres of walnut trees for nuts and lumber. They will grow into money with no care while you attend to other matters and a moderate size planting should eventually produce a small fortune. I am making such a planting myself in the hope that my children will reap the benefit. Fine 3 to 4 year trees

**\$1.25 each; 3 for \$3.00; 6 for \$5.00; 12 for \$9.00; 100 for \$50.00. Express Prepaid.**

**BLIGHT RESISTANT CHESTNUTS**—When I first came to Long Island 35 years ago it abounded with huge stately Chestnut trees, nature's most magnificent shade tree. Then the blight came, one of the many foreign pest importations, and as a result every last chestnut tree was wiped out, not only on Long Island, but throughout the entire country. The United States Department of Agriculture thereupon began a very thorough research to determine what might be done about it. The result was the discovery in China of a blight-resistant Chestnut Tree, producing nuts of exceptionally fine flavor. I am pleased to be able to offer this year for the first time some of these blight-resistant Chestnut Trees, three years old, at

**\$1.50 each; 3 for \$3.75; 6 for \$6.00. Express Prepaid.**
